TROPICO, (Los Angeles Postoffice) CALIFORNIA, SATURDAY, MARCH 23, 1918

NO. 16

## AUTO HITS MOTORCYCLIST

S. S. Bailey, of Pasadena, was knocked from his motorcycle Sunday, at the corner of Colorado Boulevard and Central Avenue, when he was struck by an automobile driven by Lawrence Ellis of 537 Kenwood Street.

Bailey, according to witnesses, was going east on Colorado, and was about to turn south. Ellis was going south on Central. In an attempt to avoid the accident he swerved his machine, narrowly missing a large tree in the park way, and covering the sidewalk with dirt.

The rear wheel of the motorcycle was demolished.

## WATER BONDS CARRY

By a vote of 460 to 14, Tropico voted for the taking over of the water system of this district and consolidating it with that of the Glendale water system. The vote called for an issue of \$55,500, of which \$55,000 is for the purchase of the existing water system of the Tropico Water company, and the remainder is to cover incidental costs of holding the election and acquiring the system.

## DISCUSSES WAR WORK

Prof. Richardson D. White, superintendent of Glendale grammar schools, made an address on the war activities of the schools, and Prof. Harry Howe of the Union high school talked on war savings Thursday afternoon to the Broadway school Parent-Teacher association. The hospitality committee of the association served refreshments after the addresses were delivered.

## EASTER SERVICE AT EAGLE ROCK

Another great sunrise Easter service will be held on the summit of the historic bird rock in Eagle Rock City, this coming Easter morn. Ten thousand people attended last year and more are expected this year. The foothill boulevard passes alongside the rock, thus giving those by auto a fine opportunity to reach the service. The Los Angeles Railway will run a 10-minute car service from all parts of that city to the rock, and jitney busses will help get people from the Eagle Rock and Glendale car lines. A splendid program has been provided, including such noted musical stars as Mme. Constance Balfour, the noted soprano, and Mr. Harold Proctor, the solo tenor at the Temple Baptist Church. The address will be made by Rev. Herbert Booth Smith of the Los Angeles Immanuel Presbyterian Church. A chorus of 100 voices will sing and a ten-piece orchestra made up of Symphony players, will play the accompaniments and furnish some special numbers.

## THE GAS QUESTION

A mass meeting was held in the City Hall Tuesday evening in the matter of taking over the gas system. The meeting was called by the city council to consider the offer of the gas company to supply natural gas instead of mixed gas at a somewhat higher rate than that now charged, as well as to consider whether it is best to go ahead at this time in view of the restrictions of the United States government against large bond issues. The general opinion expressed at the meeting was that it is better to go ahead immediately to vote the bonds, even though

the actual taking over of the system should be somewhat delayed by reason of difficulty of selling bonds.

## TAKE DOOR FROM HINGES— LEAVE VALUABLES

Eccentric robbers entered the store of the Glendale Music Company last week and removed two French doors from their hinges by carefully taking out the screws. Several thousand dollars worth of valuable musical instruments which were in the room were untouched.

## TWO HURT, OTHERS ESCAPE

George Mott, driver of a transfer truck, and his helper, Roy Wilson, are suffering from painful injuries received in a collision with another automobile at Tenth street and Brand boulevard. The occupants of the other machine escaped without injuries.

## MARY LOU COOLE

The stork visited Tropico Sunday morning and left a cute eight and one-half pound girl to bless the home of Mr. and Mrs. Louis R. Coole. She is to be called Mary Lou, after her father and her mother. Mrs. Coole has been the guest of Mrs. Glen Craig of 216 West Tenth Street, at whose home the baby was born. Mr. and Mrs. Coole have lived in Tropico for a number of years, and have a host of friends who share their new happiness. Mr. Coole is the son of Mr. and Mrs. R. G. Coole, and Mrs. Coole is the daughter of William A. Hough, of this city. Mr. and Mrs. Coole have recently purchased a ranch near Exeter, California, where Mr. Coole returned Tuesday evening.

## A SPASM FROM PAUL WILEY

Mary had a little lamb  
And dearly loved to pet her,  
Until she cut its wool all off  
To knit a soldier's sweater.  
The lamb has grown into a sheep,  
It's older now and wiser,  
And when it sees a ball of yarn  
It wants to lick the kaiser.

We have so many requests for free space to support the Red Cross, the Y. M. C. A., the Fuel and Food Conservation enterprises, the bond campaign, Savings Stamps and other matters, that we must request that copy be cut down before it is handed in. Not an issue goes out but that we contribute several dollars worth of space to the war issues and we are glad to do it. But we must be allowed to exercise some discretion in what goes in and the length of the articles. If your contribution appears boiled down, remember the above. We are attempting to do our part. Do your part by editing your own copy.

## A LETTER FROM THE GREATER GLENDALE CAMPAIGN COMMITTEE

Los Angeles, California,  
March 14, 1918.

Editor Tropico Herald,  
Tropico, California.

Dear Sir:—

It has been called to my attention that you are publishing statements reflecting on our Committee in the matter of the publication of the list of signers of citizens who endorsed our candidates, and we desire not only to deny such statements absolutely, but to insist that you retract them and at once. So far as we know, not a single name was signed to these petitions which was not placed there with the full knowledge and consent of the signer, and not one who had

previously signed Mr. Shaw's petition signed the Greater Glendale Campaign Committee petition without his subsequent consent and knowledge of just what he was signing. We have these petitions in our possession and you are at liberty to see them if you so desire. Unless you want to play a game of dirty politics, be on the square, and don't injure any candidates you may favor, or yourself, by making false statements or surmises which will only react to your detriment.

There are other good men running for the offices for which we have nominated candidates and you do not further their cause in the minds of any fair minded citizen by casting reflections on the actions of our committee. We have done nothing in a corner, nor shall we. The editors of both Glendale papers have been invited to our meetings and if there is any fight to be made we shall make it in the open and will use no method which smacks either of the U-Boat or Camouflage. We hope you will have as high a sense of honor.

Yours truly,  
(Signed) W. C. Wattles,  
By W. B. Kirk,

The above letter probably refers to an article published in the Herald of March 9, under the caption "Anent That Endorsing Petition."

If the Herald was large enough to publish a "joke column" we would put the letter in that column, for that is where it belongs. They have only belittled us to the extent of assuming that we got the material for this article from some imaginary source. They evidently thought that all they had to do was to write us a letter with a few puffs of hot air and a big bluff by telling us we MUST retract our statements and AT ONCE and presto, the trick was done. Naturally when we would receive such a letter we

would immediately do just what they wanted us to!

Mr. Wattles-Kirk we are probably going to offend your "high sense of honor" because we are going to emphatically say that WE ARE NOT going to retract our statements. We stand by every statement we made, because we have the proof for them. Not only that, but we have more to draw from, if you want to keep things going. If we have anything to say, we say it openly and above the board, and are not a bit backward about publishing it, so that anyone may know it. May be you can say as much(?).

Your extreme kindness in offering to let us see the petitions is surely gratifying, in view of the fact that we never questioned but what its names were there. What we would like to know would be the facts about "your meetings." Was the call for them a public one? If so, when and where was it published? Where were the meetings held, and how many attended? What was the procedure by which the names were chosen to appear on your ticket? Wherein was Thompson's "record" better than Grist's? Why does the Greater Glendale Campaign Committee deem it necessary to spend time and money to further a "ticket?" Are not the ability and honesty of the candidates you did not select equal to those you did?

Our criticism was not at the candidates on your "ticket". The majority of their names appear in our announcement column, and we believe them to be of unquestioned ability and worth, and they each ask that the decision be made at the polls April 8th. What we objected to was the effrontery of any set of "politicians" to dictate or influence the voters, and to thus insinuate that our citizens are not capable of judging as to the abilities and qualifications of the respective candidates.

## PROCEEDINGS OF BOARD OF TRUSTEES

The Board of Trustees met in regular session March 21, 1918. All members present at roll call. The minutes of the last regular meeting were read and approved.

At 8:05 P. M., on motion it was ordered that the hearing of protest against the improvement of Broadway, be taken up. The Clerk read protests filed by a large number of property owners in the district to be assessed for the improvement. A number of protestants were present and expressed their views on the subject, the general tenor of the remarks being to the effect that while the protestants recognized the desirability of the improvement, in their opinion owing to disturbed financial conditions, it is desirable that the work be postponed, as many of them felt that they could not bear the expense at this time. Dr. Harrower, who had signed the protest, stated that his view of the matter had changed, and requested that his name be stricken from the list of protestants. Mr. Denny spoke in favor of the improvement going ahead.

Trustee Woodberry stated that if the matter was only in its inception, he would not under present conditions favor proceeding with the work, but the matter has been running over a considerable time, and he believes it to be due to the property owners who had paid for the opening and widening proceedings that the work of improvement should be proceeded with. On

motion of Trustee Muhleman, the protest was referred to the City Engineer to check up the area represented upon the same and report to the Board.

Trustee Grist made a motion, which was adopted, that when the Board adjourn, it be to meet March 26th at 7:30 P. M.

On motion it was ordered that the hearing of protests against the improvement of Broadway be continued until Tuesday evening, March 26th at eight o'clock.

On motion bids to supply the city with an automobile were opened and read. On motion the bids were referred to the Committee of the Whole.

A letter was read from the Gorman Fire Apparatus Company giving notice of a time limit being placed upon their bid for installing a pump on the Knox Combination Wagon now in the service of the city, stating that the proposition would be withdrawn in ten days from this date unless the same was accepted. On motion the communication was ordered to be received and filed.

A communication was read from the California State Board of Health calling attention to the fact that the City of Glendale has not as yet applied for a permit to use the water system now being operated by the city, as required by law. On motion, the Manager of the Public Service Department was authorized to make the application required.

A resolution was adopted, making application to the State Board of Health for a permit to "use existing water system belonging to the City of Glendale, including the gravity water source in the Verdugo Canyon, and the wells on San Fernando Road at Grand

View Avenue."

A communication was read from the City Manager recommending that the Board accept the bid of Thom Shima for gathering and disposing of city garbage, and that contract for the same be signed by the President of the Board. On motion, the recommendation was agreed to, and the signing of the contract authorized.

A communication was read from the City Manager recommending that the Board authorize the sale of the Harley-Davidson motorcycle, Model 17-T, Factory No. 4486 to Joseph H. Aguilar for \$150.00, as per terms of lease prepared by the City Attorney. On motion it was so ordered.

The report of the Tax Collector was presented, read and ordered to be filed.

On motion, "A Resolution of the Board of Trustees of the City of Glendale ordering that a portion of Colorado Street (formerly Sixth Street) in said city, be closed up, vacated and abandoned for street and highway purposes, as contemplated in Resolution No. 982," was taken up for reading, and was adopted.

Mr. Polson's address will be both historical and prophetic and is of intense interest to all in these trying times.

## GREYHOUND FAST AS PIGEON

**English Dog Can Cover Ground at the Rate of From 18 to 23 Yards Every Second.**

Comparatively few people realize of what remarkable speed dogs are capable, observes a writer in the Springfield (Mass.) Republican. The wolf can run between 50 and 60 miles in one night, and the Arctic fox can do quite as well, if not better.

Eskimo and Siberian dogs can travel 45 miles on the ice in five hours, and there is one case on record in which a team of Eskimo dogs traveled six and one-half miles in 28 minutes.

English setters and pointers hunt at the rate of 18 to 19 miles an hour, and they can maintain the speed for at least two hours. Foxhounds are extraordinarily swift, as is proved by the fact that a dog of this breed once beat a thoroughbred horse, covering four miles in six and one-half minutes.

Greyhounds are the swiftest of all four-footed creatures, and their speed may be regarded as equal to that of carrier pigeons. English greyhounds which are carefully selected and which are used for coursing are able to cover at full gallop a space between 18 and 23 yards every second.

It is said that a hare at its greatest speed never goes faster than at the rate of 18 yards a second. These interesting statistics fully prove the right of the greyhounds to rank as the swiftest of the quadrupeds.

## A Bitter Reflection.

"Do you subscribe to the theory that it is better to have loved and lost than never to have loved at all?" asked the sentimental person.

"That depends on the circumstances," replied the cynical bachelor. "There's precious little consolation in the thought that you have loved and lost, if the object of your affection has a fortune approximating seven figures."

Don't be a slacker—Trade at home!

## TRACK TEAM WINS CLOSE MEET

The Glendale High School track team came into its own Wednesday afternoon when it won a hard fought triangle meet with South Pasadena and the Occidental Freshmen.

Beaten by a close margin in their last meet, in which South Pasadena and Alhambra were their opponents, the Glendale boys trained hard in an effort to even matters up. The meet was closely contested from the start. The final count gave Glendale 25 points, the Oxy Freshmen 24 points, and South Pasadena 23 points.

Bacon, Padelford and Weiman were the individual stars for Glendale.

Remember, those boys in France are YOUR boys. Do YOUR bit in saving food and they will get THEIR bite.

## PREPARING FOR LIBERTY BOND DRIVE

A meeting was held on Thursday night, March 21, in the Red Cross Headquarters preparatory to the Third Liberty Bond Drive to begin April 8, 1918. This meeting had been called by Mr. Vesper, chairman of this city.

Messrs. J. B. Coulson and H. T. Mattern addressed those present which numbered about forty. These forty men who were present were interested to know how to go about selling these bonds and Messrs. Coulson and Mattern explained.

On this Drive, a house to house canvass will be made by committees. These men will carry cards furnished by the Government and these cards will be kept by the Government after being filled out. They will give the name, address, business etc., besides giving data if you bought Liberty Bonds before; if you belong to the Red Cross; if you have given to the Red Cross, the Y. M. C. A. or Knights of Columbus in their drives and if you buy a Liberty Bond in the 3rd drive or not—and if not what the reason is.

On Thursday night of next week a meeting will be held in the High School Auditorium at which prominent men will speak. This meeting is for both men and women and a cordial invitation is extended to all to come.

### MISSION PLAY HAS TIMELY INFLUENCE

That justice will prevail at the end of the war, and the world's civilization be made secure, is the wonderful inspiring lesson of the Mission Play now being presented every afternoon at San Gabriel.

The direct simile between the critical period when Father Junipero's steadfast faith in the cause of righteousness was the only influence which saved California from being abandoned to Russian explorers in 1769, and the faith of all the allies that justice and right will win the struggle against Prussian barbarism in this world crisis, is strikingly portrayed in this wonderful pageant drama.

God's help arrived just in time to save the early civilization of Western America, and the Mission Play promises that Divine aid will be given to America again at the proper time before the end of the present war.

The sacrifices which we are all called upon to make during these days of stress are nothing when compared to the trials and suffering which the Mission padres withstood in their fight for the civilization we enjoy today. Therefore a visit to the Mission Play is a distinct encouragement to all who see it.

On account of its inspiring appeal, Sunday afternoon is an ideal time at which to attend the "Passion Play of America." Its influence is as spiritual as that of a church service, and the wonderful old Spanish melodies and dances of the Fiesta scene also provide all the features of theatrical entertainment.

The chairman of the committee is Mrs. Joseph Griffin, and she will be assisted by the following committee; Mesdames Jessie Chappins, Ernest Collage, Charles White and R. L. Fanders.

Red Cross buttons may be procured from the treasurer, Mr. Charles H. Cushing, at the Library, or from the secretary, Mrs. Wesley Bullis at headquarters. The price is 25 cents, and they are sold to members only.

These buttons cannot be sold to Junior members. The button for the Junior members is larger.

The Red Cross is very much in need of sewing machines. If any one has one they are not in urgent need of, the Red Cross can make good use of it.

The Local Auxiliary would like to have more ladies make up sewing parties, getting the materials from headquarters.

## GLENDALE CHAMBER OF COM- MERCE

Editor Tropico Herald—

When I began work under my twelve months' contract with the Glendale Chamber of Commerce early in 1917, I was deeply interested in promoting the consolidation of Tropico with Glendale, something so nearly accomplished at the previous election.

It was believed that the four cities forming the Glendale High School District should constitute one municipality.

As Secretary-Manager of the Glendale Chamber of Commerce, I earnestly advocated such union in speeches before P. T. A. meetings and at other public gatherings—also in numerous newspaper articles.

Possibly those efforts contributed some little to the happy consumation thus far. Doubtless—As the Fates decree, all our dreams for the Greater Glendale will be fully realized. Having completed my work with the Chamber of Commerce, I have taken on a larger contract as Secretary and organizer of a new Society, "The Californians"—whose sole object is to promote the best interest of all California and all Californians. The first copyrighted number of its official organ devoted solely to its interests will appear in due time.

Incidentally, "The Californians" and "The Californian" will favorably advertise Glendale far and wide. Membership in this association will be open to every person who has vested interests in California—or who resides in this Heaven-blessed State even part of the year.

By the way, "The Californian" will publish a new State Song which will find its way to the heart of our people.

## VALUE OF PORPOISE JAW OIL

**Lubricant Responsible for Correct Operation of Delicate Mechanism Retaining Fluidity at All Times.**

In this hastening age of ours, when even seconds count in business life, it may sound paradoxical to say that we owe our punctuality and time saving to the playful porpoise. And yet such, indeed, is the fact, says the Scientific American, for watches, clocks and the still more dignified chronometer would not run month in and month out with regularity but for the lubricant obtained from its jaws.

This oil has the unique property of being able to retain its fluidity summer

and winter, and there is an authentic record of the lubricant doing its work at a temperature of quite 100 degrees below the freezing point. A variety of other oils have been tried for the same service, but all of them have proved far less reliable. In a watch or chronometer the oil must stay where put—it must not "creep" over the mechanism and thus steal away from its proper post of duty. Therefore, it ought not to run away in the presence of considerable heat. Neither should the oil oxidize, evaporate or grow rancid.

These exacting requirements are met in their entirety only by porpoise jaw oil, and it is no wonder that the stuff when refined sells wholesale in the neighborhood of \$25 a gallon. There are many other mechanisms that are best cared for by using porpoise jaw oil, such, for instance, as talking machines, delicate recording apparatus, etc.

## Grownups Not Appreciative.

The greatest of our many pleasures, perhaps, is to write pieces for and about children, because they are the only ones who appreciate things that are done for them. Grownups don't appreciate that sort of thing. They always find something wrong about it. The reporter doesn't live who can write a piece about a grownup in which the grownups can't find some mistake. But children overlook details, and are grateful for the reporter's kindly intent. The other day we wrote a piece for the little boy who lives in the big apartment house where everybody else is grown up. Last night we saw the little boy, and asked him if he saw the piece. He said yes, his mamma had read it to him. And then he ran up and kicked us on the shins. It was the first time

he ever had flattered us with so much as a glance, and immediately we knew we had made a friend for life. We have written verse by the yard for grownups, but if they ever were pleased with it, they kept the fact carefully concealed. — Kansas City Star.

# COMING ATTRACTIONS AT THE PALACE GRAND THEATRE

At the Palace Grand Theatre today, Saturday, March 23, will be shown one of the screen's favorite stars in

**JEWEL CARMEN.**  
DIRECTION WILLIAM FOX

the person of J. Warren Kerrigan in his best picture, "The Turn of a Card". This is a wonderful love story, filled with comedy situations that will more than please you; a great big red blooded adventure. In addition will be shown a Harold Lloyd (Luke) comedy "The Gasolene Wedding" and Bruce's beautiful out door scenes. There will be a matinee at 2:30 and two evening shows at 6:45 and 8:45.

Charles Ray, the wonder boy, in his latest creation, "The Family Skeleton" will be shown Sunday, March 24. You will enjoy this picture and gladly recommend it to your friends. There will also be a screamingly funny two-reel Mack Sennett comedy, "It Pays To Exercise". Don't forget the matinee at 2:30 and the two evening shows at 6:45 and 8:45.

On Monday, March 25, "The Girl with the Champagne Eyes", featuring Jewel Carmen, the Darling of the

Yukon. The cast also includes Francis Carpenter. Also the World's latest events by Hearst Pathe Nenu Pictorial. No matinee today but two evening shows at 7:15 and 8:45.

Alice Brady, a famous star, will be featured in a famous play, "The Knife" from the play by the same name will be the showing for Tuesday, March 26. In this picture, Alice Brady creates the screen role of Kate Tarleton, a southern girl whose belief in tea-leaf prognostications "and sech" leads her, while on a visit to New York into much trouble. Also a Christie comedy, "Circumstantial Evidence". The two evening shows will start at 7:15 and 8:45.

For Wednesday, March 27, there is a great out-door attraction, "Broadway Bill", featuring Harold Lockwood. This is a wonderful story of a man's regeneration. From night life on Broadway to the great lumber camps of the north. Also one reel of comedy. There will be two evening shows at 7:15 and 8:45.

As a special attraction on Thursday, March 28, will be shown the great feminine impersonator, Julian Eltinge, in "The Widow's Might". A very clever and wonderfully entertaining picture; very humorous. Also Para-

mount Pictograph and Cartoon Comedy. Two evening shows at 7:15 and 8:45.

Our own little star, Baby Marie Osborne, will be shown on Friday, March 29, in her latest brand new, first run

### COUNTY TAX COLLECTOR'S APPEAL

The rapidly growing tendency of the taxpaying public to delay paying taxes until the time of delinquency has become a real problem to the officials responsible for receiving them, and necessitates the crowding of two days into one when the rush comes, and requires the employment of many extra clerks for a short period of time who are unfamiliar with the routine and lacking in knowledge to rightfully inform the public in response to the many inquiries made, all of which tends to multiply chances of mistakes and seriously delays the settlement and distribution of the receipts to the many funds for which the taxes are levied.

Owing to the cramped condition of the county finances, and for the above reasons, the county officials are anxious that the taxpayers make their payments early. A substantial increase in the receipts for the month of March will save the county treasury a considerable amount of money which otherwise must be paid as interest on unpaid and registered county warrants, besides enabling the tax office to render better and more prompt service not alone to those who pay early, but also to those who from necessity must delay their payments to a later date.

Here is a splendid opportunity for the exercise of patriotism LOCALLY APPLIED without additional cost or sacrifice on the part of the individual taxpayer.

### ATTEND TO YOUR INCOME TAX

If your income is taxable—and it must be a modest one to escape taxation under the war revenue act of October 3, 1917—don't wait to be notified that you must pay an income tax. The Government is not required to seek the taxpayer. The taxpayer must seek the Government.

The Bureau of Internal Revenue, with the approval of the Secretary of the Treasury, has extended the time for filing income and excess profits returns from March 1 to April 1, 1918. You may file your return any time before April 1, but if you wait until April 2 you are subject to a fine of not less than \$20 nor more than \$1000 and an additional assessment of 50 per cent of the amount of tax due.

Returns are required of every unmarried person—man or woman—whose net income for the calendar year 1917 was \$1000 or more, and of every married person whose net income was \$2000 or more.

The rate of tax is at least 2 per cent on net incomes of unmarried persons in excess of \$1000 and on net incomes of married persons in excess of \$2000. Payment must be made on or before June 15, 1918.

The estimated revenue to be collected this year under the war revenue act is \$2,500,000,000, of which \$666,000,000 is in individual income taxes. Last year 500,000 persons paid income taxes; this year it is estimated the number will be more than 6,000,000. If you are one of them remem-

ber that your dollars are for the support of the war. By promptly filing your return and promptly paying your tax you are helping the Government to early victory. Pay your income tax in the same spirit in which you bought your Liberty Bond. The proceeds are for the same purpose—to make the world safe for democracy.

Mr. Logan or Mr. Campbell, of the First National Bank of Tropic, will be glad to assist any one in making out their Income Tax report.

# MARINES AID RED CROSS RODEO

GOODRICH RUBBER CO. NEWS BUREAU

Twenty Thousand Attend Douglas Fairbanks' Rodeo in Los Angeles. \$18,000 Netted by Red Cross.

Yip! Yip! Yee-e-e up!

Twenty thousand people saw the sports and pastimes of the range enacted at the big Red Cross Rodeo in Los Angeles.

On the field, cowpunchers galore in the most outspoken of shirts broke bronchos, bulldogged steers and shot and yelled to their heart's content. When they tired, a band of fiercely painted Indians executed a war dance or a crew of clowns

amused the crowd with burlesque gun-fighting and broncho breaking.

Trick shooting and roping, fancy riding, pony express races and a thrilling stage coach hold-up were other events that will make the occasion one of long standing in the memories of those present.

The Rodeo was the idea of Douglas Fairbanks, the famous film star, and it was due to his untiring efforts that the affair proved so successful.

Mr. Fairbanks places much credit upon his assistants, chief among

whom are the U. S. Marines. As usual, the boys who are "First to Fight" were also first to aid this worthy cause, and did their bit toward insuring the success of the Rodeo.

Enlistments are still accepted for this attractive branch of the service. Recruiting offices are located in Los Angeles, San Diego, Bakersfield and Phoenix. It is well, however, to first write for a booklet concerning the Marine Corps before appearing for examination. These booklets are mailed free of charge.

Every yard of linen that is bought from today on puts the buyer in direct competition with the Aeroplane

Board in equipping the fleet of aeroplanes which we hope to put over the German lines. That should be very plain to every one when it is known that the need of linen for aeroplane production exceeds the total stock there is in the world.
